ICICS 2023

International Conference of the Indonesian Chemical Society

INTRODUCTION

The International Conference of Indonesian Chemical Society (ICICS) is an annual conference of the Indonesian Chemical Society (Indonesian Chemical Society) which covers all fields of chemistry. ICICS is organized by the HKI Headquarters and HKI Branches and supported by local universities, government agencies, and industry. As an annual conference, ICICS is coupled with the Annual National Meeting (PN-HKI) and the Annual Society Congress (ASC). In the Annual National Meeting (PN-HKI), the management will present the progress of community development as a legal entity and give awards or awards to selected individuals who have contributed to the progress of chemistry in Indonesia and to society.

The Annual Society Congress (ASC) is a meeting attended by association management and branch representatives to discuss and amend legal documents and to elect the president of the Indonesian Chemical Society.

The International Conference of the Indonesian Chemical Society (ICICS) is an annual conference of the Indonesian Chemical Society which covers all fields of chemistry.

ICICS is organized by the HKI Branch with the assistance of the Central HKI and supported by local universities, government agencies and industry. As an annual conference, ICICS is joined by the HKI National Meeting (PN-HKI) and the HKI Congress. In the Annual National Meeting (PN-HKI), the Central Executive (PP-HKI) will show progress in the development of society as a legal entity, as well as give awards to selected individuals who have contributed to the advancement of chemistry in Indonesia and associations.

The HKI Congress is a meeting attended by the central management (PP-HKI) and branch representatives to discuss and amend legal documents and to elect the Head of HKI. Congress activities are held annually in several different areas. In 2023 ICICS activities will be held in Jambi with the **Univeristas Jambi Host.**

VISSION UNIVERSITAS JAMBI

"World Class Entrepreneurhsip University"

based on Agro-industry and the Environment contained in the Jambi University Strategic Plan (Renstra) provides a focus looking outwards for the future development of **UNJA SMART.**

One of the indicators for this achievement is
(1) Increasing scientific publications of lecturers in international reputable journals,
(2) Increasing research collaboration with national and international institutions,
(3) Increasing student achievement in order to increase student insight

In an effort to realize this vision, this activity is a momentum for Universitas Jambi to build collaboration and networking to achieve some of Jambi University's strategic goals.

I. Theme

Chemistry Towards a New Era: Global Synergy for Excellence and Sustainable Innovation

With the theme "Chemistry Towards a New Era: Global Synergy for Excellence and Sustainable Innovation," this program focuses on a future that is synergistic, innovative, and sustainable. Global synergy will drive extensive exploration and enduring achievements, benefiting the advancement of chemical science and sustainable development. In an era of global collaboration, this program seeks profound understanding, creative idea exchange, and relevant innovation to bring about positive change for the global community.

II. Sub Themes

- Organic and Bio Chemistry
- Analytical and Enviromental Chemistry
- Inorganic and Material Chemistry
- Physical and Computation Chemistry
- Chemistry Education

III. Competion Categogory

Scientific Poster

IV. General Requirement

1. Participants are active undergraduate or diploma students from universities throughout Indonesia and internationally
2. Participants are active students who can be proven by student sign cards
3. Participants are individuals or teams of 2 to 3 people from the same university
4. The poster idea that was sent was a work of its own and was published or had never been a champion in a race before
5. Participants are willing to attend events that have been organized by the organizer
6. The work should be related to the theme of competition
7. Selected works will be published in the ICICS website
8. Participants must comply with all the competition rules
9. Cheatings are banned before, during, and after the competition. This act will lead to disqualification

V. Poster Requirements

5.1 General Requirements

a. The work must be related to the theme/subtheme of the competition

b. The poster should be written in proper and accurate English

c. Poster works in the form of digital posters that can be made using PhotoShop, CorelDraw, Adobellustration and other design tools

d. Posters are prohibited from containing elements of SARA (ethnicity, religion, race and intergroup) and pornography

e. The poster must include:

- Poster title
- Participant's name in the bottom right corner
- Logos of the participant's University, Universitas Jambi, and ICICS. The logos can be downloaded from: https://bit.ly/LogoICICS2023

f. Posters should fulfill the following criteria:

- Captivating
- Present a clear and organized flow of ideas
- Informative
- Adhere to the specified requirements

5.2 Technical Requirements

a. The poster consists of one piece with dimensions of 42 cm x 29.7 cm (A3 size) in vertical or portrait orientation

b. The poster should be in JPG format. The maximum file size allowed is 15 MB

c. Utilize freehand drawing and coloring techniques.

d. Attach a brief description of the poster's content in a Word file on A4 paper, using Times New Roman font, size 12, and 1.5 line spacing

e. Upload the poster using the format: **POSTER_NAME OF PARTICIPANTS_UNIVERSITY/ORIGIN_TITLE**

f. The poster does not violate any copyright, if one day it is proven to violate copyright, then the committee is not responsible and will be immediately disqualified and please include a statement of originality on the poster

VI. Registration Procedure

a. Registration and Payment

Participants can register themselves from August 30th to October 30th, 2023, by following these steps:

- Participants are required to register by filling out the form on the page: http://bit.ly/INTERNATIONAL SCIENTIFIC POSTER
- Participants must complete the administrative payment for Early Bird Registration (30 August - 28 September 2023) amounting to Rp. 300,000,-/$20 and Regular Registration (28 September - 30 October 2023) amounting to Rp. 350,000,-/$24 for each team. The registration fee can be transferred to:
  Bank: MANDIRI NO: 1100011494124, a/n Tri Warni

b. Collection

After participants successfully register and complete the payment process, the next step is to send or upload proof of your payment via the registration link provided. Make sure the proof of payment you send is clear and verifiable.

After proof of payment is verified, please contact Tri Warni at WhatsApp number (+6281367766030). Tri Warni is a representative of our team who will help you to be included in the participant-specific WhatsApp group. This WhatsApp group will be a container for interacting, getting the latest information, and you will receive a link that will direct you to the collection site. This is also the place where you can send a statement about the originality of the work you have submitted. Be sure to follow the instructions carefully and comply with all deadlines that have been set.

VII. Competition Mechanism

1. All participants of the public poster competition are required to submit the softcopy of their poster creations through a link that will be provided within the WhatsApp group
2. The committee will evaluate the submissions and select the top 10 (ten) finalists based on the highest scores assigned by the judges. The top 10 best works (finalists) will be announced on November 4th, 2023
3. For the 20 posters with the highest grades to be exhibited at the 11st International Conference of the Indonesian Chemical Society on November 16, 2023 at Jambi and the 10 best finalist posters will be invited to present the results of his work. for the assessment of favorite poster categories will be carried out by voting by speakers and conference participants
4. The creations of all finalists will be uploaded on the Chemistry Unja 2023 Instagram social media platform
5. The selected finalists are expected to attend an online technical meeting on November 4th, 2023. Finalists' representatives who are absent during the technical meeting will be deemed to have accepted the meeting's outcomes
6. The chosen finalists are required to submit presentation files in .ppt and .pdf formats from August 30th to October 30th, 2023, via email which will be provided during the technical meeting. They are also required to confirm with Tri Warni (+6281367766030) with in 24 hours after submission, using the format: Full Name of Team Leader_Presentation File Submission ICICS_Origin Institution. Example: **Jobin Armando Hutapea_Presentation File Submission ICICS_University of Jambi**
7. Finalists must present their work in hardcopy form from November 14th to November 16th, 2023, which will be conducted online/offline in Jambi. The presentation format is flexible and aligns with participants' creativity; the use of visual aids or appropriate props is allowed

8. The winners will consist of 1st, 2nd, 3rd place, and a Favorite category, each receiving the following prizes:
    - 1st Place: Cash prize, trophy, and certificate of appreciation
    - 2nd Place: Cash prize, trophy, and certificate of appreciation
    - 3rd Place: Cash prize, trophy, and certificate of appreciation
9. The scoring will be calculated based on 50% for the work and 50% for the presentation
10. Participants are required to use the twibbon and upload it to Instagram, tagging the @chemistryunja Instagram account from the registration period. The twibbon link and caption details can be accessed here: **https://bit.ly/TwibonICICS2023**
11. The certificate of appreciation will be presented online/offline in Jambi and will also be provided via Google Drive if necessary
12. For inquiries regarding the international scientific poster, participants can contact the following persons: Jobin (+6282249520116) and Gibran (+6283819150240).
13. For finalists who wish to attend live at the Jambi event (offline), an option is available to pay an additional fee of Rp 654,000.00

VIII. Assessment Criteria

a. Assessment of Poster Creations

No	CRITERIA FOR ASSESSMENT	WEIGHTAGE	SCORE	VALUE (SCORE X WEIGHTAGE)
1	Poster Format • Page layout: paper size, typography, formatting neatness, arrangement • Ability to place report sections systematically, effectively, and attractively	30		
2	Creativity • Color combination • Use of diverse font types and sizes • Incorporation of shapes, images, tables, and various other supportive visuals	30		
3	Transferring Ideas • Ability to clearly depict the content and urgency of the research • Use of proper and accurate Indonesian language	40		
WEIGHTED TOTAL SCORE				
WORK SCORE (WEIGHTED TOTAL SCORE * 50%)				

b. Assessment of Scientific Poster Presentation

No	CRITERIA FOR ASSESSMENT	WEIGHTAGE	SCORE	VALUE (SCORE X WEIGHTAGE)
1	Presentation: · Presentation structure and content · Use of proper language · Presentation style and attitude Punctuality	30		
2	Discussion: · Level of understanding of the material · Involvement of team members Ability to answer questions	30		
3	Design Creativity · Use of color in the poster Ease of understanding the poster	40		
WEIGHTED TOTAL SCORE				
WORK SCORE (WEIGHTED TOTAL SCORE * 50%)				

SUB-THEMES

- Organic & Chemistry
- Analytical and Enviromental Chemistry
- Inorganic and Material Chemistry
- Physical and Computation Chemistry
- Chemical Education

IX. IMPORTANT DATE

30 August - 29 September 2023
Early Bird Registration

29 September - 30 October 2023
Regular Registration

02 November
Announcement of the Top 10 Semi-Finalists

04 NOVEMBER 2023
Technical Meeting (Online)

14 NOVEMBER - 16 November 2023
Conference (online/luring)

11th ICICS 2023

International Conference of the Indonesian Chemical Society

The International Conference of Indonesian Chemical Society (ICICS) is an annual conference of the Indonesian Chemical Society (Indonesian Chemical Society) which covers all fields of chemistry. ICICS is organized by the HKI Headquarters and HKI Branches and supported by local universities, government agencies, and industry. As an annual conference, ICICS is coupled with the Annual National Meeting (PN-HKI) and the Annual Society Congress (ASC). In the Annual National Meeting (PN-HKI), the management will present the progress of community development as a legal entity and give awards or awards to selected individuals who have contributed to the progress of chemistry in Indonesia and to society.

The Annual Society Congress (ASC) is a meeting attended by association management and branch representatives to discuss and amend legal documents and to elect the president of the Indonesian Chemical Society.

ICICS is organized by the HKI Branch with the assistance of the Central HKI and supported by local universities, government agencies and industry. As an annual conference, ICICS is joined by the HKI National Meeting (PN-HKI) and the HKI Congress. In the Annual National Meeting (PN-HKI), the Central Executive (PP-HKI) will show progress in the development of society as a legal entity, as well as give awards to selected individuals who have contributed to the advancement of chemistry in Indonesia and associations.

T**he HKI Congress** is a meeting attended by the central management (PP-HKI) and branch representatives to discuss and amend legal documents and elect the Head of HKI. Congress activities are held every year in several different areas. In 2023 ICICS activities will be held in Jambi on **16 November 2023** with **Universitas Jambi as the host.**

HOSTED BY Universitas Jambi

ORGANIZED BY HKI Himpunan Kimia Indonesia
